

Modern invention has given to the world a heating system that offsets the high price of coal and pays for itself in the fuel it saves. See and learn about this scientific method of heating at the Prepare-For-Winter demonstration at our store.

Learn how the Caloric not only quickly pays its entire cost in saving fuel, but actually costs less, as an original investment, than ordinary stoves necessary to heat the same building.

Come and learn how the Caloric saves hundreds of dollars in building costs by eliminating the expense of extra chimneys, mantels and grates.

The Caloric is the triumph of modern science. It heats the entire home by nature's method—natural circulation of air. No heat-wasting pipes, no radiators, no plumbing, only one register.

Mrs. F. L. Andrews and others, of Mt. Gilead, visited at Mr. G. W. Andrews' Tuesday.

Mr. T. B. Matheson filled his regular appointment at Ellerbe Sunday.

Mr. D. N. Currie and family spent Thursday of last week at Rockingham.

Mr. Charlie and Miss Bertha Lisk spent Saturday afternoon over at Wadesboro.

Miss Nannie Little has just returned from the mountains, where she has been spending the summer.

Messrs. W. P. Johnson and T. B. Andrews are attending court at Rockingham.

Mr. and Mrs. John Stutts visited at the home of Mr. O. D. Stutts at Mt. Gilead Sunday.

Mr. Davis Haywood went to Albemarle Friday on business.

Mr. and Mrs. James A. Leak and son, James, Jr., spent Sunday at Mr. M. L. Horne's.

Mr. H. H. Chandler and family visited relatives near Mt. Gilead Sunday.

Mrs. Cludius Dockery suffered a severe attack of appendicitis last week, but prompt medical avoided an operation at present.

Bob-o-link.

Jackson Springs, Route 2.

Prayer meeting at Jones Springs was conducted by a young man, Milton Carpenter, last Sunday night. He had selected for his reading lesson 6th chapter of Galatians. It contained something for all. Next meeting will be conducted by another young man, Fairley Dunn. Come help in this good work at 7:30 Jones Springs Methodist church.

H. F. McDonnell and little sons Roger and Earl were business callers at Southern Pines and Pinehurst last week.

Come to Derby's school building Oct. 1st. There is to be an old time get-together and get acquainted gathering; bring your dinner and meet the teachers. School will begin there Oct. 3rd.

N. D. Reece and little girls Mary and Ruby went to Hoffman on business Saturday.

On the Richmore farm a pigeon was killed for a hawk, with a ring on right leg with A. J. 21. W. R. P. 910. Hope the owner will not look for its return. A mistake, we all make them if we did not make mistakes we would not amount to much.

We had a good rain on Jackson Springs Route 2 Monday night; the first good rain since the first of dog days. Everything seems refreshed.

TOWN PESTS

The Cut-Across pest thinks your yard is a Public thoroughfare and the Grass is just placed there to make Soft Walking, only after he cuts Across for a While and gets Others to do the Same, the Grass disappears and you have a Nice Path through the Grass.

PUSH ROCKINGHAM FORWARD.

When soft winds stir the meadow grass,
When butterflies flit over;
When honey bees, all burdened, seek
The fields of fragrant clover;
When singing birds and crooning
brooks
Seem blissfully in tune,
And buttercups and daisies nod,
'Tis June, dear heart, 'tis June.

WHAT'S IN A PIE?

There are those who consider the filling of a pie the most important part of it, but the best of filling covered with a tough, unpalatable crust, will spoil the pie for most of us. As Browning puts it (though not in this connection), a good pastry is "a framework which waits for a picture to frame."

Sour Cream Pie.—Take one cupful each of sour cream, sugar and raisins, one egg, one tablespoonful of vinegar, one-half teaspoonful of salt, the same of cinnamon and nutmeg, one-fourth of a teaspoonful of cloves, mix well and bake with two crusts.

Custard Pie.—There are some cooks who think a pie with less than four eggs is not to be served on the best tables. However, a very good pie may be prepared with three or even two eggs to a pint of milk, adding four or five tablespoonfuls of sugar and such flavoring as one likes. Where two eggs are used a tablespoonful of flour may be added mixed with a little of the cold milk and the pie will be very satisfactory, though of course the more eggs used the greater the food value.

Date Pie.—Cook one-third of a pound of dates in the top of a double boiler. Put through a sieve, then add two eggs, a few gratings of nutmeg, one-fourth teaspoonful of salt and two cupfuls of milk. Bake as a custard pie.

Currant Pie.—Take one cupful of currants, one cupful of sugar, one-fourth cupful of flour, mixed with the sugar, two egg yolks and a teaspoonful of butter with two tablespoonfuls of water. Cook until smooth and turn into a baked crust. Cover with a meringue made with the whites of two eggs and two to four tablespoonfuls of sugar. Dot with marshmallows and brown. The preserved currants may be used for this pie, using nearly two cupfuls for the pie.

Everybody's Service Station

Distributors and Jobbers for
"Everything for the Motoring Public"

Rockingham, N. C., Sept. 29, 1921

Everybody,
Everywhere, N. C.
Dear Everybody:—

Before we have too much to say we want to get acquainted with you.

You will no doubt remember seeing for the past few months or more, a new building going up by the Ford Service Station in this city; well, that is YOUR service station.

We have made our plans to have an opening on Saturday, October Eight, and want you to be there. On this date we will have several little things to give away to everybody that comes to our place and will have a button to give away that if you find the one like it or at least the duplicate we will sell you and the other person a RED CAP TWO YEAR GUARANTEED BATTERY at half cost. In other words we will take the Ford size for an example; if you get the lucky number you will get a \$32.00 battery for \$16.00. Of course you will have to know the size and type of car it is to fit and that will be all. We will do the rest, no matter what make of car from Ford to Packard. On this date we are to sell twenty batteries at half cost and if you are in need of a good battery it will pay you to try to save the cost on it.

We are going to try and have everything that you will need for your car, such as gasoline, oils, greases, tires and tubes (The Old Kelly-Springfield) batteries, general line of accessories, battery repairing, tire repairing, washing cars, greasing cars, storage (individual stalls) and in fact everything that you will need. Just let your wants be known and we will supply you with what ever you need.

We expect to live up to our name, or at least our middle name, SERVICE, and when ever or where ever you need a tire changed, gasoline or oil sent to you phone us and our service car will take it to you.

Remember us, always,
Yours,

EVERYBODY'S SERVICE STATION
